Updated Trello

The screenshot shows a Trello board titled 'Project Milestone (Sprint 1)'. The board contains the following cards:

- Describing the user stories and scenarios using the Gherkin method for testing
- Add: "List questions/posts" feature
- Add: "View a question/post" feature
- Add: "Create a question/post" feature
- Add: "Edit a question/post" feature
- Add: "Delete an question/post" feature
- Create Database in SQLite

At the bottom of the board, there is a button to '+ Add a card'.
