

# Project Milestone 4: Testing

Team 22

## ACCEPTANCE CRITERIA FOR USER STORIES

#language: en

Feature: Create account

As a user, I want to be able to create an account that saves the posts and replies I have made.

Scenario: As a user, I want to create an account

GIVEN I am on the homepage

WHEN I click the Sign-up button

THEN I am taken to the Sign-Up page

WHEN I select the registration tab on the signup page

THEN I am taken to the registration page

THEN I can enter a valid username, password, name, and email address

WHEN I select the corresponding input boxes

THEN I can click the Sign Up button and complete the registration process

Feature: Edit a post or question

As a user, I want to edit a post so I may correct grammar, clarify, or modify any important information in the post.

Scenario: As a user, I want to edit a post or question (Question 1) starting from the homepage

GIVEN I am on the homepage

WHEN I select the "Questions" tab on navigation bar

THEN I am taken to the "My Questions" page

WHEN I select the title of the question (Question 1) I want to modify

THEN I am taken to that specific question (Question 1) page

AND I can see the title of the question

AND I can see the text of the question

AND I can see the responses to the question

AND I can see the number of downvotes and upvotes on the question

AND I can see whether the question has been answered

WHEN I select the "edit" button on the bottom right of the Question 1 box

THEN I should be on the "Edit Question" page

AND I should see the title field

AND I should see the text field

WHEN I am done making changes to the question (Question 1)  
THEN I select the "Save Edit" button  
WHEN I select the "Save Edit" button  
THEN the changes will be saved respectively in the database  
AND I am taken back to "Question #" (Question 1) page  
AND the Question # box has an edited tag

Feature: Reply to a question or post

All users are able to submit responses to questions or posts. The amount of responses to a single question/post is unlimited. The responses are sorted by most recent at the top.

Scenario: As a user, I want to reply to a question or post so I may be able to give feedback, answer, or ask another question to the original post.

GIVEN I see a post I would like to respond to  
WHEN: I select the "reply" link  
THEN I should see a "Text" field  
THEN I enter my response in the "Text" field  
WHEN I select the "submit" link  
THEN I should see my response under the initial post

Feature: Create a post

As a user, I want to create a post so I can have my question answered.

Scenario: As a user, I want to post a new question starting from the homepage

GIVEN I am on the homepage  
WHEN I select the "Questions" tab on navigation bar  
THEN I am taken to the "My Questions" page  
WHEN I am on the "My Questions" page  
AND I select the "Add a Post" button  
THEN I should be on the "New Post" page  
AND I should see the "Title" field  
AND I should see the "Text" field  
WHEN I select the "Save Post" button  
THEN the new post should be saved as a new entry in the database  
AND I should be taken back to the "My Questions" page  
AND the new post should be available to view on the "My Questions" page

## UPDATE BACKLOG

Backlog

...

As a user, I want to be able to create an account that saves the posts and replies I have made.

👁

CT

As a user, I want to be able to login to an account so I may view answered or unanswered posts and keep track of any account information.

DR

As a user, I want to create a post so I can have my question answered.

PS

As a user, I want to view a question or post so I can respond to or modify the post.

👁

CT

As a user, I want to edit a post so I may correct grammar, clarification, or modify any important information in the post.

DR

As a user, I want to reply to a question or post so I may be able to give feedback, answer, or ask another question to the original post.

PS

As a user, I want to delete a post or question so I can remove a post if necessary.

👁

CT

As a user, I want to add images to my posts and replies.

DR

As a user, I want to be able to upvote or downvote questions and answers so I may be able to help determine relevance and accuracy of the questions or answers.

👁

CT

As a user, I want to sign in to my account so that I can see previous activity.

PS

As a user, I want to mark a question "answered" or "unanswered" so I may be able to help the community and myself determine whether the question was wholly and accurately answered.

DR

As a user, I want to be able to search through previous posts so that I can find relevant information.
